Monthly Report for March 2022

## THE DIRECTOR'S BOX

*'The Directors' Box'... Bob feels you need to know the following...March 2022*

### **-Ups for the month- March 2022**

-Our Maintenance Division removed Winterfest Displays by the middle of the month. We had several delay's this year due to rainy weather.

-As soon as we got the Winterfest Displays down, our Maintenance Division started mowing grass.

-Our Landscape Division completed the landscaping of Fire Station #3, below is a picture.

-Long time Bowling Attendant Marty Perry announced that he will retire on May 13<sup>th</sup>. Thank you for your service to the City and may your next chapter be fulfilling.

- Staff met with the Tennis/Pickleball court resurfacing contractor, this project is scheduled to begin on or around June 1<sup>st</sup>.

### **-Not So Much an Up for the month**

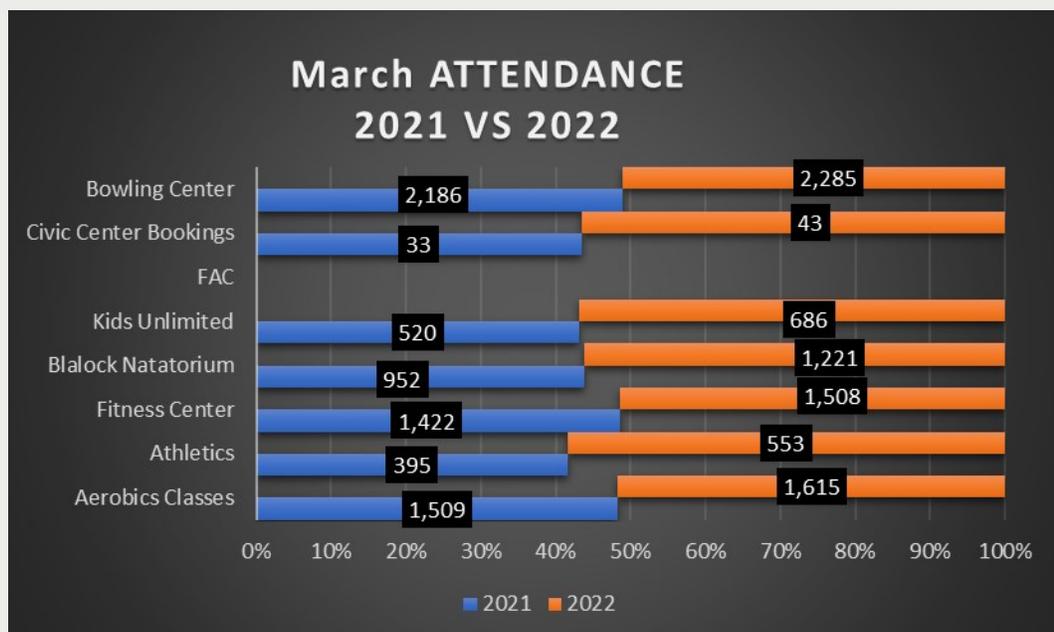

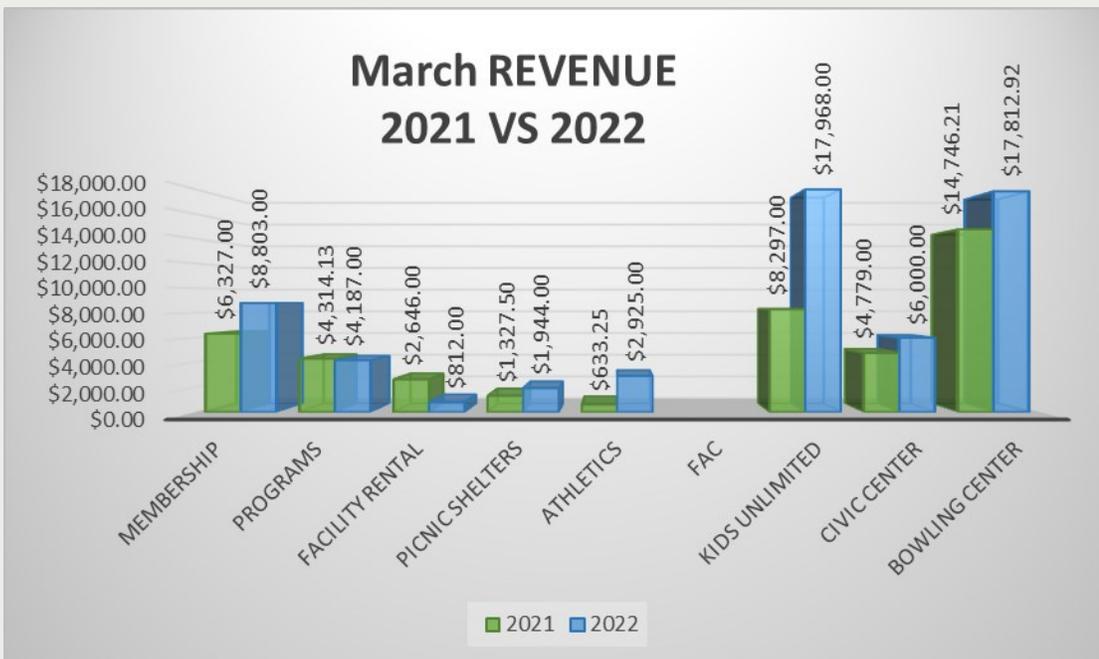

Myself and Bob Moncrief-Projects Manager continue to work through the challenges of today's world of increased building cost as we move towards completing the planning and design phase for both the Community Center Expansion and East Sevierville Park projects. Our goal is to present a project that will be both functional and be within the approved budget.

Robert H. 'Bob' Parker-Director of Parks & Recreation

## LANDSCAPING DEPARTMENT—NEW FIRE HALL #3

### City of Sevierville

#### Maintenance & Landscaping Department

*The Landscaping crew completed the landscaping around the New Sevierville Fire Hall #3. They laid sod, planted trees, mulched and rocked the areas around the Fire Hall. This made the already beautiful new Fire Hall look even better. Also below is the green house full of flowers that will be in the baskets around the city in Spring and Summer.*

## In Other News...

The Sevierville Parks and Recreation Department has the Downtown Sevierville Gazebo ready for Easter. Our Landscape & Maintenance staff recreated Mr. McGregor's garden from the beloved Beatrix Potter's, Tale of Peter Rabbit.
